On the same day, DPS SAs identified the suspect vehicle and received additional information that the tractor trailer was in control by a suspect identified as CONRADO CHAVEZ. SAs were able to observe a maroon Ford F-250 belonging to CHAVEZ parked at the same suspect residence where the tractor trailer was parked.

Agents confirmed that the tractor trailer had crossed from Mexico on Saturday, May 26, 2018, through the Pharr, Texas Port of Entry.

On May 29 and 30, 2018, DPS continued surveillance. On May 31, 2018, DPS CID Agents resumed surveillance at approx. 7:00 am and noticed that the tractor trailer was no longer at the location. DPS SAs received information that the truck tractor was at another location in Weslaco, Texas. Special Agents proceeded to the location and observed a truck tractor which resembled the original tractor trailer.

At approx. 12:33 p.m., the tractor trailer, followed by the small black vehicle, was observed at a business in Weslaco, Texas. The truck tractor remained there for a short period of time and then left and drove to a residence located in Weslaco, Texas.

DPS SAs approached the residence and made contact with the driver CONRADO CHAVEZ. CHAVEZ gave written consent to search the truck tractor. A search of the passenger side fuel tank revealed a blue liquid substance which tested positive for Methamphetamine.

Post-Miranda, CHAVEZ admitted the tractor was picked up in Hidalgo, Texas and was supposed to be transported to Atlanta, Georgia. CHAVEZ admitted the tractor trailer was sent by dangerous people and that CHAVEZ moved the tractor trailer from one location to another to attempt avoid to avoid being caught with it by law enforcement.

The tractor trailer was transported to the DEA office in McAllen where the tractor trailer was secured until a clandestine team from DEA could arrive to transfer the liquid into secure containers for testing and storage. Based on the size of the fuel tank and the amount of liquid in the tank, agents believe the methamphetamine weighed more than 500 grams.
